

# WATER HEATER EQUIPMENT REBATE

## Arkansas and Oklahoma

Rebates will be paid on a first-come, first-serve basis and are subject to budget availability and program changes. Applicants have up to 120 days from the installation of the natural gas equipment or natural gas meter to submit a rebate application. If the 120 days have passed, the applicant may still be eligible for a rebate if the Program Year budget has not been exhausted.

**QUALIFICATIONS**

The qualifying equipment must be installed in a home or business served with natural gas from Arkansas Oklahoma Gas and must meet the following efficiencies:

**Atmospheric, direct or power vent water heaters**

EQUIPMENT	EFFICIENCY LEVEL *	CUSTOMER REBATE	INSTALLER REBATE
Tankless Natural Gas Water Heater	.90 UEF or higher	\$700	\$ 50

Efficiency Level: UEF = Annual Utilization Efficiency

Participants must have an active gas account with Arkansas Oklahoma Gas (AOG).

New equipment efficiencies are determined by AHRI ([ahridirectory.org](http://ahridirectory.org)). AOG recommends verifying eligibility through [ahridirectory.org](http://ahridirectory.org) or by requesting a copy of the equipment's AHRI certificate from your installer or dealer.

All submissions must include dated sales invoices/receipts. Invoices/receipts must include equipment retail price, brand, model number, and serial number.

No rebate will exceed equipment purchase price.

Rebates will be paid on a first-come, first-serve basis and are subject to budget availability and program changes. Applicants have up to 120 days from the installation of the natural gas equipment or natural gas meter to submit a rebate application. If the 120 days have passed, the applicant may still be eligible for a rebate if the Program Year budget has not been exhausted.

Builders and installers are eligible to receive their customer's rebates if a discount to the customer for the rebate amount is shown on the submitted invoice.

Natural gas equipment replacing electric equipment is not eligible for a rebate.

Equipment installed under warranty replacement is not eligible for a rebate.

Please allow 6-8 weeks from the date a completed application is submitted to receive a rebate payment.
